

How to Purchase FoodCloudPlus Apps

Introduction:

I will walk you through the process of purchasing FoodCloudPlus Apps from Microsoft AppSource. Before starting, make sure you have a work or school account and a valid credit card in your country/region.

Step 1: Sign into Microsoft AppSource

- Open your web browser and navigate to the AppSource website (<https://appsource.microsoft.com>).
- Once on the site, click “sign in” at the top right of the page and sign into your Microsoft account. This account must be a work or school account. Personal Microsoft accounts cannot be used.

Step 2: Find the Desired App

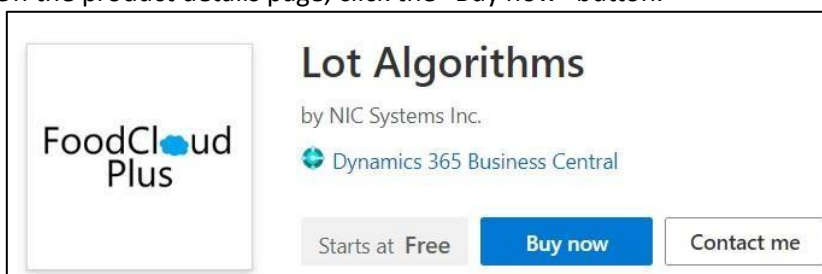

- Use the “Search AppSource Apps” box at the top of the page and search for *FoodCloudPlus* to see our apps.

- Once you find the app, click on it to view the product details page.

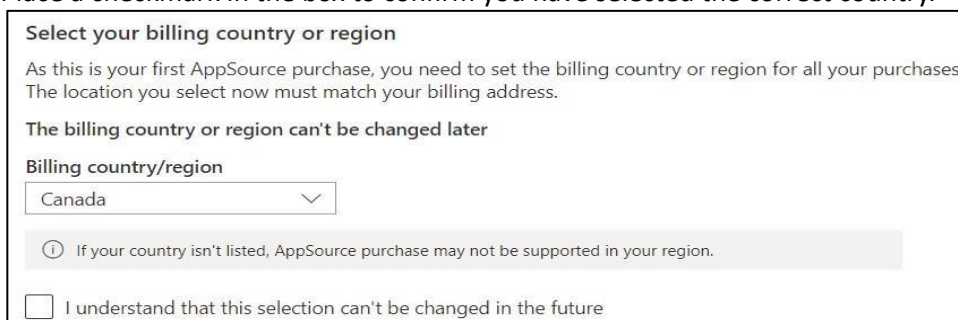

Step 3: Purchase the FoodCloudPlus App

- On the product details page, click the "Buy now" button.

Step 4: Select Billing Country/Region

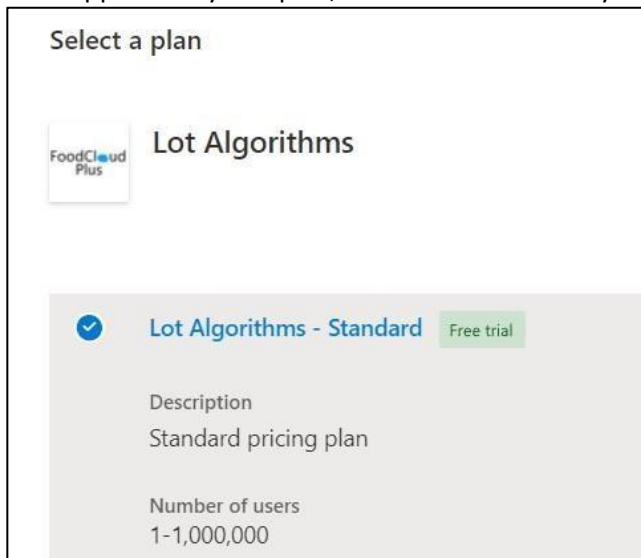

- If this is your first purchase in AppSource, you'll be prompted to select your billing country/region.
- Choose the appropriate country/region from the options provided.
- Note that this selection cannot be changed in the future, so ensure accuracy.
- Place a checkmark in the box to confirm you have selected the correct country.

A screenshot of the Microsoft AppSource billing selection screen. It features a heading "Select your billing country or region" and a sub-heading "As this is your first AppSource purchase, you need to set the billing country or region for all your purchases. The location you select now must match your billing address." Below this, it states "The billing country or region can't be changed later". There is a dropdown menu for "Billing country/region" with "Canada" selected. A note below the dropdown says "If your country isn't listed, AppSource purchase may not be supported in your region." At the bottom, there is a checkbox labeled "I understand that this selection can't be changed in the future".

- Click the “Next” button at the bottom of the page to continue.

Step 5: Choose the Plan

- If the app has multiple plans, select the plan that suits your needs.
- If the app has only one plan, it will be automatically selected for you.

Step 6: Configure Billing Options

- Configure the billing options for your purchase:
- Choose the billing term (monthly or yearly) that works best for you.
- Select if you want to enable recurring billing.
- Choose how many licenses you need. Each user that needs to use the app’s features will need a license.

- Click the “Next” button at the bottom of the page to continue.

Step 7: Provide Payment Information

- The Payment section is the final step before completing your purchase.
- Enter your sold-to address if it hasn't been provided earlier. This includes your personal or company name and address. Note that this information may be blocked from changing as it could be tied to the address information that you provide in the billing profile.
- Select your payment method from the available options. You can select an existing billing profile if one exists, otherwise you will need to create a new one, which will include entering your credit card information.

Step 8: Place Your Order

- Once you've confirmed all the information is correct, click on the "Accept agreement & place order" button at the bottom of the page.
- If any errors occurred during the process, your order won't be placed, and you won't be charged. You can then correct any issues and then place the order again.
